INSURANCE AGAINST FIRE!!!

PENOBSCOT MUTUAL FIRE INSURANCE COMPANY.

Office at Bangor

THIS Office is now in successful operation, having extended its business into sixty towns in the Counties of Penobscot, Waldo, Hancock, Washington, Piscataquis, Somerset, Franklin and Aroostook, and now presents its claims to the people of the whole Eastern section of the State, in the confidence that its superior location, its success thus far, and the determination of its Officers to render it in every respect worthy their patronage, will ensure it to become ultimately the largest office in the State. The superiority of large Mutual Offices over Stock Offices must be plain to every man in the community. Policies issued for six years, and all extra hazardous risks rejected.

TAKE NOTICE.

R. & J. MOULTON & CO. would inform those who are indebted to them by note or account, that for the future they intend to change their mode of doing business by selling less on credit and more for cash and barter, and being very desirous of settling up their demands they most earnestly request all those indebted to call and adjust their account without delay. To those who have not the money we would say bring what you may have to pay with, COUNTRY PRODUCE, LUMBER, or almost any kind of MERCHANDISE will be received in payment. To those who have been dilatory and are unable to pay, we would say come and see us, and if you cannot pay all, pay what you can and receive our demand cancelled; but at all events be sure and call without delay, for we should much regret to be obliged to send an unwelcome visitor to enforce payment, in consequence of an unwillingness or want of effort on the part of the debtor to pay his debt. DR. SHUBEAL HEWES'

CELEBRATED RHEUMATIC,

NERVE AND BONE

LINIMENT

Applied morning and night, has cured hundreds. It gives relief in the swelling of the glands of the throat, and relieves the stiffness and contractions of the limbs; and will take swellings down, and inflammations out of the flesh, rheumatism, bruises and sprains. It gives immediate relief, and strengthens weak limbs, and extends the cords when contracted. A few drops on sheep's wool applied to the ear of deaf persons, will, by constant application, cause them to hear in two months' time.

Sold by the Druggists in Bangor and throughout the State. Address COMSTOCK & CO.

HEADACHE.

DR. E. SIOHN, a German physician of much note, having devoted his attention for some years to the cure and removal of the causes of the NERVOUS AND SICK HEADACHE, has the satisfaction to make known, that he has a remedy which by removing the causes cures effectually and permanently this distressing complaint. There are many females who have considered Sick Headache a constitutional incurable family complaint. Dr. S. assures the ladies that they are mistaken, and labouring under distress which they might not only alleviate, but eradicate by the use of his remedy.

It is the result of scientific research, and is entirely of a different character from advertised patent medicines, and is not unpleasant to the taste.

Sold by every Druggist in Bangor, and throughout the State. Address

LAST DAY.

HAVE YOU A COUGH? Do not neglect it. Thousands have met a premature death for the want of a little attention in a common cold.

Have you a cough? Rev. Dr. Bartholomew's Expectorant Syrup, a safe medical prescription, containing no poisonous drugs, and used in an extensive practice for several years, will most positively afford relief, and save you from that awful disease, pulmonary Consumption, which usually sends from the grave, hundreds of the young, the old, the fair, the lovely and the gay!

Have you a cough? Be persuaded to purchase a bottle of this Expectorant Syrup to day!! To-morrow may be too late!

Have you a cough? Bartholomew's Expectorant Syrup is the only remedy you should take to cure you.

For this plain reason—that in no one of the thousand cases where it has been used, has it failed to relieve.

For sale at the Drug Store of COMSTOCK & CO., 71 Maiden Lane, New York, and at retail by Druggists in Bangor and throughout the State.

Health and Strength!

DR. S. O. RICHARDSON'S

SHERRY WINE BITTERS,

ARE the only sure remedy for Dyspepsia and Jaundice that has ever been discovered, and their general use for 22 years, with recommendations from the most eminent of the medical faculty, and editorial notices from the Boston Morning Post, Boston Daily Mail, Plymouth Memorial, Amoskeag Representative, Barnstable Patriot, Essex Banner, Haverhill Gazette, Lowell Patriot, Bunker Hill Aurora, Charlestown, Portsmouth Gazette, N. H., Dover Gazette, N. H., Northern Star, R. Island, Lincoln Telegraph, Me., New York Evening Signal, &c., must assure the afflicted that they possess wonderful merit.

THEY GIVE LIFE, ELASTICITY AND VIGOR to the viscera, promote the peristaltic action, cleanse the stomach and bowels from unhealthy accumulations, and purify and enliven the blood in the most thorough and effectual manner.

They are the master-in remedy for all those prevalent diseases called Dyspepsia, Jaundice, Liver Complaints, Heartburn, Dizziness, Headache, Wandering or settled Pains, Sinking Faintness, Sour Stomach, Loss of Appetite, Weakness of the Limbs, Nervous Debility, Costiveness, Piles, and all diseases caused by an unhealthy state of the stomach and bowels.

They are the unrivalled and efficacious compound of a Physician Regular Graduate of the NEW-HAMPSHIRE MEDICAL COLLEGE, who has made the study of Medicine his profession.

Being composed entirely of vegetables, they are of such a nature that they may be taken for any length of time by invalids of any age, without injuring the system or exposing it to take cold.

BEWARE OF PEDLARS!!

The genuine article cannot be obtained of them on any pretence whatever.

I NEVER EMPLOY THEM, NOR ALLOW THEM TO SELL MY MEDICINES.

And all Bitters put up in phials and small round bottles, pretending to be mine,

ARE RANK COUNTERFEITS.

As shame are base enough to fill the empty bottles with their stuff, and thus deceive the unwary, and some have attempted an imitation of my Bitters in papers.

BE CAREFUL OF WHOM YOU PURCHASE!

In consequence of these attempts at imposition, I have been at great expense in having new directions and wrappers, and in future the Bitters in papers will be done up in a different style. See that the envelope has on it my name in full, "entered according to act of Congress, in the year 1840, by S. O. Richardson, M. D., in the Clerk's Office of the District Court of Massachusetts;" and on the other side, "Established at South Reading, County of Middlesex, Massachusetts." The border around the inside directions, (which are printed on white tissue paper,) is so curiously engraved that the words "Dr. S. O. Richardson's Sherry Wine Bitters" present themselves in a thousand different forms. As a copy right has been granted me,

ALL INFRINGEMENTS WILL BE SEVERELY DEALT WITH according to law. The bottles are nearly ready to be issued in the same style.

All Bitters prepared by me have a fac-simile of my signature on the outer envelope,

TO COUNTERFEIT WHICH IS FORGERY.

AS YOU VALUE HEALTH, BE CAREFUL!

Orders from Agents, merchants, traders, druggists, apothecaries and dealers in medicines, will be punctually attended to, and sent to any part of the country, safely packed in boxes.

A liberal discount will be allowed on the sale.

For sale, wholesale and retail, at the *Doctor's Office, 15 Hanover Street, Boston,* and in most towns throughout the New-England States.

Price 75 cts. per bottle 50 cts. per paper.

For sale by Allen Marden & Co., George W. Holden, G. W. Ladd, Whittier & Guild, Benjamin Plummer.

THE HAIR! THE HAIR!!

NO better evidence is wanting to allow the superiority of the Genuine Buffalo Oil, over other preparations, than that a number of Druggists are endeavoring to imitate it and foisting their miserable imitations on the public for genuine. Read advertisement. Beware of Pedlars.

Genuine Buffalo Oil is fast taking place of all other articles to promote the growth, soften and beautify the Hair; its use gives it a softness that no other article does, and causes it to curl beautifully—by free use it will darken and give the hair a satin gloss, it is highly perfumed and gives perfect satisfaction to all who have given it a trial. You will observe the signature of the proprietor: 'William Brown,' also 'Buffalo Oil,' imprinted on the bottle. In consequence of a counterfeit which has recently appeared and is now for sale, I have been persuaded to obtain a new label engraved on copper, for which I have secured a copy-right entered according to an act of Congress in the Clerk Office of the District Court of Massachusetts. Any infringement will be dealt with according to law. For sale by

THE ORIGINAL AND GENUINE BALSAM OF LIVERWORT, and the most popular remedy for Pulmonary Complaints. Price 50 cts a bottle, the true, original and genuine Balsam of Liverwort that has now been in use in Boston, N. York and Philadelphia, for the past thirteen years. It is the most popular remedy now in extensive use for Cure of Coughs, Colds, and all Pulmonary Complaints, Whooping Cough, Phthisic, Sour Stomach, Pain in the Side, and all Diseases of the Lungs, Liver Complaint, &c. For genuine, call for Mrs. M. N. Gardner's Balsam of Liverwort, and observe the signature of the proprietor, WM BROWN, Chemist, 481 Washington st., Boston, on the outside wrapper. As a further security against counterfeits, I have taken out a copy right of the outside direction, entered according to act of Congress, in the Clerk's Office of the District of Massachusetts, in the year 1840. Any infringement will be dealt with as the law directs. It is purely a vegetable compound, and is now recommended by many of our first physicians. See certificates accompanying directions. Its superiority over all other preparations is now fully established—it needs only a trial.

For sale wholesale in Boston by the Proprietor. Also, for sale in large quantities by all the Wholesale Druggists; retailed by all the Druggists in Boston, Salem, Worcester, Springfield, Hartford, New Haven, Providence, and Taunton.

TOOTHACHE! TOOTHACHE! The genuine Gall and Kreosote is a sovereign remedy for removing this troublesome pain. It has been in extensive use for the past four years, and in no case has there been the least injurious effect from its use. It is the clear Kreosote that has been so much cried out against. Thousands can be referred to who have pronounced the Gall and Kreosote the best remedy ever invented. This article removes all smell from the breath when occasioned by defective teeth. References can be made in Boston, proving its efficacy, to John Putnam, M. L. Weems, J. A. Dill, N. Tolman, George Melville, F. H. Stephens master of Transportation Cars, Worcester. Prepared by Wm Brown, Chemist, 481 Washington st. None genuine unless signed by Wm Brown. For sale by all the Druggists in Boston. Price 25 cents large size 50 cts.

RHEUMATISM, GOUT, SPRAINS.

Swelled Joints, Stiff Cords, Pain in the Limbs, Contraction of the Cords, &c

S. Hewes & Kittredges BONE LINIMENT combined a preparation from two celebrated prescriptions. For the diseases enumerated, this Liniment is unrivalled in its efficacy. It can truly be denominated a Pain-Extractor, as it will remove pain when caused by the above complaints. It is put up in bottles at the low price of 50 cents, and is for sale by most of the druggists. For the genuine, call for Hewes' Kittredge's Liniment combined. See certificate on wrapper.

WM BROWN'S COMPOUND BONESET CANDY, for the cure of Coughs, Colds, Difficulty of Breathing, Sore Throat, and all pulmonary complaints. It is also in extensive use for Clearing the Voice of Vocalists and Public Speakers. Its efficacy is fully established for removing the above complaints. As there are imitations in the market, that are frequently sold for Genuine, in order to avoid the, the proprietor of this valuable Cough remedy, is to the great expense of having it stamped "Wm. Brown, Boston." Also the directions are signed. For genuine observe the stamp and signature. Price 19 cts for 4 oz. The great increase of sales this season is sufficient to satisfy the whole community of its superiority. As an evidence read Certificate:

I hereby certify that, in the month of October, 1839, I manufactured from a medicated decoction furnished by Wm. Brown, Druggist, 481 Washington Street, Boston, 504 lbs of his Compound Boneset Candy. Same month this year, 1840, I manufactured for him 2285½ lbs, showing an increase to satisfy all that the article is truly all the go. Six years since in the same month I made but 50 lbs. It is now ten years to my knowledge that this Candy has been made by Mr Brown.

DR. SEARS' UNIVERSAL SANGUINARIAN—OR

BLOOD-ROOT PILLS.

THE pretence that any medicine is nearly an infallible cure for all diseases that flesh is heir to, whatever their character, is a flagrant imposition upon the public confidence, and a most wicked outrage upon the generous sympathy that suffering humanity justly demands of us. Yet the very frequency and boldness of these impious frauds so eminently cruel to the unfortunate, furnish solid ground for presuming the public a remedy that may be intelligently appreciated and relied upon. That powerful medicinal agent, the Blood Root, is the basis of the Universal Sanguinarian Pills, and all the materials are drawn from the Vegetable Kingdom the grand source of support to animal existence. But in the combination, the different ingredients are so blended and modified as to give the compound a remarkable advantage over the simples, and it is believed over all other medicines. When it is considered that nearly all diseases, chronic and acute, are connected with a disordered action of the stomach and bowels, and that in most instances, this is superinduced by disorder of the Bile, or Gall, which is the natural physic of the system, and when it is further considered that these Pills act with singular power upon these many organs, and through them upon the blood and entire physical economy, sober reason must justify the assertion, that this valuable discovery furnishes a remedy of rare efficiency in all curable cases of disease; and this deduction of reason is abundantly corroborated by experience. This medicine harmonizes with the laws of life, invigorates and strengthens nature, and works its wonders, by generously cheering her on to a triumphant conflict with the obtrusive agents of disease. It is offered for general use, and as a safe and most valuable family medicine. Safe, not because it does nothing, (like many contemptible nostrums of newspaper celebrity, which by occupying the place of efficient remedies, are often fatal) but safe, because it aids and co-operates with nature, instead of setting her aside and violently attempting to perform her work by dangerous foreign agency.

COPY OF CERTAIN RESOLVES PASSED BY THE LEGISLATURE OF MAINE, IN THE YEAR 1841.

STATE OF MAINE.

RESOLVES for the appointment of a Board of Commissioners to settle the claims between certain individuals and the State.

RESOLVED, That the Justices of the District Courts in this State be appointed Commissioners, (and in the event of a vacancy in the Board from any cause, the Governor, with the advice and consent of Council, shall forthwith proceed to fill the same) whose duty it shall be, on application made within one year from the passage of these Resolves of any person indebted to the State for the purchase of lands sold since the first day of January, in the year of our Lord one thousand eight hundred and thirty four, or who have become assignee to any such purchaser, and having an equitable claim against the State, praying to be relieved from the payment of notes due to the State, and from obligation to perform certain settling duties, either wholly or in part, and asking for a conveyance of the land originally contracted to be sold, either wholly or in part, to proceed and hear and examine, on oath, or affirmation, every question and all facts relative to said applications.

And said Commissioners are hereby empowered, after a full hearing and examination of such cases, to make a written report to the Land Agent, directing him to settle and adjust said claims in such way and manner and upon such terms, as to them shall seem equitable, just and expedient; and said Commissioners may further direct such costs to be paid by said applicants, on account of expenses incurred by the State as to them shall seem reasonable and proper, to be paid before the execution by the Land Agent of the award.

Resolved, That each applicant shall make out and file with the Land Agent, as soon as may be, a brief statement of his case, one copy of which shall be forwarded by the Land Agent to each of the Commissioners, and one to the Attorney General.

Resolved, That all documents and written evidence produced before said Commissioners shall be deposited in the Land Office.

Resolved, That the Land Agent be and hereby is authorized, upon the report made to him in writing by said Commissioners of a majority of them, to cancel and surrender any notes, securities, or obligations in his hands, and to discharge mortgages, give releases, and make and execute conveyances, in such way and manner, and upon such conditions only as shall be prescribed in the report of said Commissioners.

Resolved, That the Governor, with the advice of Council, is hereby authorized to audit the accounts of said Commissioners, and to allow them such compensation for their services as to them shall appear reasonable and proper; and the Land Agent is hereby authorized to pay said Commissioners the amount due them allowed as aforesaid by the Governor and Council.

Resolved, That said Commissioners shall give public notice of the time and place of their first meeting under this Resolve, three months prior to said meeting, by publishing a notice thereof three weeks successively in the State newspaper, and in such other public newspapers as they may think proper; and it is hereby made the duty of the Attorney General to procure evidence, and to attend the meetings of said Commissioners, and act in behalf of the State in all applications that shall be laid before said Board of Commissioners. [Approved March 31, 1841.]

STATE OF MAINE.

An additional Resolve in relation to the appointment of a Board of Commissioners to settle claims between certain individuals and the State.

RESOLVED, That the Resolves approved Mar. 31, 1841, appointing the Justices of the District Court a Board of Commissioners to settle the claims between certain individuals and the State, shall become a law and take effect from and after the passage of this Resolve; that a majority of said Justices may constitute said Board and be authorized and empowered to act in the premises, and that thirty days notice shall be given, instead of three months notice as required by said Resolves. [Approved April 16, 1841.]

The undersigned, the Commissioners named in the foregoing Resolves, hereby give notice that they will meet at the COURT HOUSE, in Bangor, on the TWELFTH DAY OF JULY NEXT, at ten o'clock in the forenoon, for the purpose of acting upon the claims, and performing the duties contemplated in said Resolves.

THE MASSACHUSETTS CHARITABLE MECHANIC ASSOCIATION.

ANNOUNCE to the public that their THIRD EXHIBITION for the encouragement of Manufactures and the Mechanic Arts, will be opened at Quincy Hall, in the city of Boston commencing on MONDAY, SEPT. 20, of the present year.

The officers and trustees for the year 1841, having been vested by the association with full powers to make the necessary arrangements, respectfully invite Manufacturers, Mechanics and all the ingenious and scientific, to offer for Exhibition and Premium articles in every department of Art, Science, and Taste; choice specimens of native skill and ingenuity; useful labor saving machinery, implements of husbandry, and new models of machinery in all their variety; in fine every species of article for any useful or ornamental purpose, made of wood, stone, metal or other material. The products of the loom in silk, cotton, wool, hemp, flax or hair, and all articles devised by female ingenuity, or wrought by their industry, will have a proper place in the exhibition.

Medals (of gold or silver) or Diplomas, will be awarded for all articles of merit deemed worthy of such distinction; and the Managers pledge themselves that strict impartiality will be observed in their distribution and that competent judges shall be appointed, who in no case will be competitors for premiums on articles exhibited.

In the fullest confidence that this notice will meet the early attention of the Manufacturers and Mechanics of Massachusetts, as well as of our sister States, (whom we shall be proud to meet in this glorious field of competition) the Managers will make such arrangements as shall insure a fair and full opportunity for a display of every article which may be entered on or before the 15th of September, and although they will not exclude such articles as may be afterwards offered, yet they cannot promise them so conspicuous a place in the Exhibition as those will have which are earlier entered.

Articles intended for Exhibition must be delivered to the Superintendent at Quincy Hall, on or before Wednesday Sept. 15th.

Articles may be offered by Apprentices, (by permission of their Masters, who, if required, must give their names, ages, and the time they have served as apprentices) which will be registered, but will be judged as the productions of Apprentices.

Arrangements will be made to exhibit, in operation, any working models that may be offered, which will render the Exhibition useful and interesting.

Communications relative to the Exhibition may be addressed to WILLIAM WASHBURN, Superintendent, or HENRY W. DUTTON, Secretary, 10 & 12 Exchange street, (post paid.)

Astounding Disclosure. The New York Commercial of Monday states that the editor has ascertained by inquiry at the General Post Office, that the following statement is *true to the letter!* But for this assurance, says the Tribune, we should esteem it incredible, even in view of the notorious iniquities and corruptions of those whom the People have so righteously expelled from power. The statement originally appeared in the Louisville Journal, and is as follows:

When Mr. Barry was Postmaster General, a Committee was appointed by the United States Senate to investigate the affairs of the Post Office Department. The investigation resulted in the very able report made by Mr. Ewing, in which divers extra allowances and other corruption were duly made known to the people of the country.

To *parry the effects* of that startling report, *Mr B--ry*, it may be remembered, published a pamphlet, a vindication, so called, of his conduct. This pamphlet was, of course, an individual and not an official document. Nevertheless, he agreed to pay to the Editors of the Globe, Messrs Blair & Rives, $1,500 for printing it, *and charged the amount to the Government!*

When Amos Kendall succeeded Mr. Barry as Postmaster General, he glanced over the book of the Department and saw this item of $1,500. Afraid that another investigation would soon take place, and that this extraordinary item could thus be brought to light, he made Blair & Rives refund the money; at least he entered it as refunded on the books. Thus the matter remained till the *5th of March, 1841*, the very last day of Mr. Van Buren's Administration, when Mr. Niles, the successor of Kendall as Postmaster General, *paid back the $1,500 to Blair & Rives and an entry was actually made in the books to that effect!*

The Commercial further states that, being out of funds at the time, Mr. P. M. G. Niles drew on a Pennsylvania Postmaster in favor of Blair for this amount; and Blair was so fearful that Mr. Granger would discover the fraud and arrest it that he proposed sending an express to the Postmaster for the cash! Let these facts be officially verified.

THE BALIZE PIRACY THE MYSTERY EXPLAINED.—The Charleston Patriot says that the schooner Ann, noticed in another column as having been spoken by the America, just arrived at this port, reached that city on Friday. The Captain, Sheffield, states that on the 15th inst. Capt. Gray and a passenger named Delano, were killed by lightning; all the crew were stunned, and the mast shivered.

Captain Gorham and his crew of the ship Charles were on board the Ann. They state that on the night of the third of June the ship sprung a leak and that the water gained on the pumps very fast until two o'clock, A. M. on the fourth, when after a consultation the passengers and crew determined to return to New-Orleans. The crew were so much exhausted however by continual pumping, and the water gained on them so fast, that they determined to leave the ship.

A boat was immediately dispatched to the ship Louis XIV. but a short distance from them, and bound for Havre, to see whether she would take them on board. The Captain consented. After all the passengers were sent aboard, the crew were unanimously of the opinion that the vessel must be abandoned, and they accordingly left in the boats for the Louis XIV.

After getting on board, Captain G. then desired the Captain of the Louis XIV. to haul up in hope of speaking some vessel bound to New Orleans, or some other port in the Gulf, which he did for two hours; he then concluded to bear away for Havana, but on the morning of the 16 fell in with the schr. Ann, from Attakapas for Portsmouth, (N. H.) but the Ann being struck by lightning off Hatteras, bore up for Charleston, leaking badly.

The passengers of the Charles signed a declaration exonerating Capt. Gorham from all blame in the transaction.

It must be borne in mind that the New Orleans Bulletin of the 11th says that the steamer Neptune, cruising in the Gulf, had overhauled the Louis XIV. but that none of the passengers of the Charles were on board. This throws some farther mystery over the subject, although no other New Orleans paper says any thing of the Neptune having fallen in with the Louis XIV. Indeed, the Log of the Neptune, which had in the Picayune of the 12th, contains no notice of having met the Louis XIV. Capt. Jones, of the U. S. Revenue Cutter Woodbury, furnishes the Picayune with a letter stating it as his firm belief that the crew and no others are the pirates and murderers.

The New York Evening Post and Journal of Commerce give the following paragraphs, which awaken suspicion both of the character of Gorham, and that of the schr. Ann, and her captain and crew. Under present circumstances, it seems more than probable that the Ann is a pirate, and that the passengers of the Charles are nearer Louis Fourteenth himself than to the vessel which bears his name.

If the Captain of the Charles be the same Capt. Gorham, from Bangor, Maine, who, a few years since, with his brother-in-law and some others, desperate characters, moved into Oswego, in this State, where his store was fired under such circumstances (i. e. to recover a large amount of insurance,) that public opinion compelled him to leave the place: who subsequently [illegible] by a Grand Jury of Buffalo on suspicion that he murdered his own child, by administering to it an excessive quantity of laudanum, and who was cleared by the non-appearance at the trial, of his wife, who, it was supposed he attempted to kill with a dose of arsenic, to get rid of her evidence; we say, if this be the same individual, he is certainly not too good to have been engaged in such an affair as the New Orleans papers describe. The schr. Ann, from New Orleans, here spoken of, may be one which the captain had employed to follow him out, to rescue him and his crew after they had scuttled their own vessel. The name of the Charles, we perceive is spoken of as the brother in law of Capt. Gorham. [*Evening Post.*

This name of "Capt. Wm. Gorham, Jr." if the whole and exclusive ownership of it belongs to the man, is something of a treasure. For Captain William Gorham, Jr., master of the Brig Seven-Elizabeth, in coming home from Buenos Ayres, in 1839, went ashore near Bath, Maine, to the great damage of the underwriters in that city. The Captain on that occasion acted [illegible] whenever it might concern [illegible] and cargo, put [illegible] in his pocket, and has not to this day provided any further in [illegible]. *Journal of Commerce.*

One of the crew of the Charles was a deserter from the cutter Woodbury. The Captain of the cutter says:

"The very moment my crew heard that Swan was in the Charles, they exclaimed 'Charley was at the bottom of the whole affair!' He was ever laying deep plans of villany, telling his shipmates how easy vessels might be taken at sea and the robbers could defy detection. He even told some of my men that with ten men he could take the Woodbury by surprise from her officers, and I am inclined to think he made the proposition to some of my crew. He has been a good deal in the South American privateers.

BREWER, June 23, 1841.

MESSRS. EDWARDS & SMITH A large number of the citizens of this town had the pleasure last evening, of listening to a Temperance Lecture by THOMAS BARTLETT, Jr., Esq., of your city. Mr. B. is a good speaker, and calculated to do a great deal of good in this cause, and I trust that we shall have frequent opportunities to hear him. He confined himself mostly to a description of the "rise and progress" of the Washingtonians, and the principles which govern them, with the object of forming a Society here, on the Washingtonian plan. We seem to be a *little* behind our neighbours in this movement, but I trust the eloquent appeal of Mr. B. to the pride of the moderate drinker, and his exposition of the principle and motives which govern the Washingtonians, will induce all, both moderate and immoderate drinkers, to come forward, form a society on the Washingtonian plan, sign the pledge, and dissolve all connexion with that slayer of millions, King Alcohol. This new movement in Temperance is certainly a strange and incomprehensible thing. It moves forward with the velocity of lightning, and with a power as irresistible as incomprehensible, and that it may continue to progress until all are ranged under the banner of Tetotalism, is the sincere wish of every

☞ The Lecture to night at the City Hall, will embrace a reply to the religious objections against Phrenology.

☞ We publish the following extract from the Annals of Phrenology, at the request of a correspondent.

EXAMINATION OF HEADS.

While we congratulate the lovers of truth on the spread of Phrenological Science, we should be wanting in our duty to the subject, were we to neglect noticing, occasionally, the obstacles which its indiscreet friends throw in the way of its progress. We speak it in kindness to those who may be the subject of our remarks that there are many abroad teaching the public phrenology, and making application of its principles who stand in eminent need of instruction themselves. They read a few pages of a work on the subject, and suddenly appear as men full of wisdom and experience. Whether they act from disinterested motives, and err with regard to their own abilities, or come out as earnest disciples with a view to gain, is a matter of no consequence to us. We have no hostility to either course of action, provided it be sustained by prudence, skill and knowledge. But we cannot sanction the teachings of one, from whatever motive he may act, who has not thoroughly prepared himself for the task he undertakes. Phrenology is still a new Science; and the fact that it is so, renders the task of lecturing upon it the more difficult.

The most prevailing evil, however, at this time, is the practice of examining heads; not of well chosen cases, where examinations may be of use to the science, but indiscriminately. Every head, whether common or uncommon, respectable or degraded, receives a formal judgment. Not content with satisfying a few inquirers who may have had their curiosity excited by hearing lectures, there are individuals who make it their business, move their shop, and receive pay for manipulations, so much *per* head! This practice not only degrades the science, but gives rise to superficial converts, who will be likely to prove obstinate followers of the bad examples which were the means of their conviction. It turns a dignified science into a system of legerdemain, and those who are really able to promote the true philosophy of man will be prevented from investigating the subject, on account of the repulsive appearance of its exterior.

The rule should be, *Examine no heads of living individuals of respectable standing*; and the exceptions to the rule, *examinations of well marked heads, whenever it is evident that the science may be promoted by reporting them, whether in favor of, or adverse to it.* This was the rule of Spurzheim; and modesty, to say the least, should suggest the proper course to his humble followers. That great man spoke frequently on this subject, and was decidedly opposed to the practice of which we complain. If such was the advice of one who had the advantage of a powerful mind, of deep learning, and thirty years experience, what can we say of him who, inferior in every respect, to a degree which we need not mention, [illegible] opinions on heads, both privately and publicly!

But we are told that any dispute the truth of our doctrines and facts at defiance. Let it be so. When demands are made for the proofs upon which our science stands, let them be answered by stating what *its proofs are*, and how [illegible] rather than in showing what phrenology can do.

[illegible] will [illegible] to [illegible] reputation; on the contrary, he [illegible] it. But we are decidedly opposed to that system of *observing human nature* which mistakes the means for the end of science, and which tells to the world its discoveries before they are matured.

THE MORMONS. It appears by the following extract of a letter from a respectable gentleman residing near Nauvoo, the Mormon city, and published in the New York Journal of Commerce, that the scenes which were some months since enacted in Missouri, are in danger of being repeated in Iowa:

"The excitement on both sides of the river against the Mormons is increasing very fast. The conduct of Jo Smith and the other leaders is such as no community of *white men* can tolerate. It is the entire absence of all moral and religious principle, that renders them so obnoxious to the *Gentiles* of all denominations, wherever they reside. Jo Smith was yesterday arrested, between Nauvoo and Quincy, by the authorities of Illinois, on a requisition from the Governor of Missouri. May justice be meted out to him for his villany. Martin Harris, who was one of the witnesses to the book of Mormon, and who has been for sometime lecturing in Illinois against the Mormons, was found dead last week, having been shot through the head. He was no doubt murdered."

The Journal of Commerce furnishes the following additional intelligence in relation to this subject:

"There is a tract of 120,000 acres of beautiful land lying directly opposite the Mormon settlement on the Mississippi river. This tract was given to the Half Breeds of the Sac and Fox Nations by the United States, and has been purchased from them by the whites. Proceedings have been had in the Equity Court of Iowa to partition these lands, and Commissioners appointed by the Court to survey and divide them among the individual claimants. Some months since, the title being then unsettled, Jo Smith received a revelation from God to the effect that the Latter day Saints should go in and possess this fair land, and enjoy the fruits thereof. Accordingly there are said to be now about 2000 of these people residing on said lands, who claim by the highest possible title, a title direct from the Creator, and they seem determined to set all human decrees at defiance. In addition to despoiling the lands of much valuable timber, they now forbid the Commissioners and Surveyors on pain of death, to attempt a survey and partition. The arrest of their leader, it is to be hoped, will prevent the execution of their threat."

Early History of a Coat.—The Baltimore Sun tells a good story of the "rise and progress" of a coat pattern, in the hands of a tailor who well understood that part of the "art and mystery" of his craft, designated cabbaging.

A gentleman, according to the story, which the Sun pronounces veritable, not many weeks since brought a sufficiency of cloth to him to make a circular cloak. In cutting the circle of the garment, a number of large pieces came from the corners and edge of the cloth, which fell to the share of the tailor. A short time after a lad brought in cloth to make a round jacket, and it was found to match the remnant of the cloak precisely. Without much trouble the jacket was cut, and made from a portion of the remnant of the cloak, thereby saving the entire piece of cloth brought by the lad. Here was so much saved, and justice done, at least in the tailor's estimation, all round. A week since, a man of small dimensions wanted a coat made, and he fancied the piece of cloth left by the lad; a bargain was struck, and out of that cloth and the remaining remnant of the cloak, with a trifling addition, a coat was manufactured, which brought $26 cash. We were in (says the Sun) to see the coat fitted on, when this "strange eventful story" was related, not, however, in the hearing of him who had the coat. We thought it good, and so we give it to our readers, that the uninitiated of them may also know what cabbage means."

☞ We now in the last number of that excellent periodical, the Common School Journal, edited by Horace Mann, the following correct sentiment:

"We may talk about education forever, about the importance of physical and intellectual, and the necessity of moral education, we may get a stereotype set of words and phrases, and pass them from month to month from lecture to lecture, and from report to report, but unless we study the springs of action in the human mind, the laws of mental growth, the modes of stimulating faculties to activity, and what motives and objects will stimulate what faculties, our talking, and lecturing, and reporting, will be in vain."

HAPPINESS.

"There is nothing more difficult to paint and to dwell upon than happiness; for there is something in the human mind requiring that variety which each individual may find in positive enjoyment himself, but which is not easily derivable from any account of happiness in others. Our own happiness supplies us with variety from the various sensations and actions produced in our own mind. Each hour, each moment, may bring such a change of feeling, such a new tone from the same instrument, such a fresh chord in the same harmony, that it may never pall upon our own sense; but others cannot be made to see, or feel, or hear that which is going on in the secret chambers of our own bosom; and he who sits down to read a long description of the happiness of any other human being, is much like a person reading the bill of a concert to which he cannot be admitted. Memory may tell him some of the pieces are very beautiful. Imagination may try to conjure up something from the names of others; but memory and imagination will fall so short of reality, that few will get to the end of the programme, and may stop at the first [illegible]."

TRUE HONESTY. Twenty years ago, a Boston sailor loaned two dollars to a Swedish shipmate in Hamburgh. The Bostonian forgot the matter of course, having become a merchant in Boston in extensive business. A few days since a man called at the merchant's counting room, and, addressing him, asked if such was his name, mentioning it. He replied, yes. Then, said the man, I owe you two dollars. When we were shipmates I borrowed that sum of you in Hamburgh. I told you I would repay it if I lived, even if it were twenty years afterwards. It is twenty years this day since I borrowed it, and having just ascertained that you are the individual who lent it to me, I have called to pay it according to promise. After some little time the circumstance came to the recollection of the merchant and he received his pay.

"Ephraim," said Simon, "what does a young fellow look like, when galleting his sweet heart home through a shower?" "Why," said Ephraim, looking at his beet, "he has very much the appearance of a ram-rat."

Mr. EVARTS' reply to Mr Woodbury, in the Senate on Thursday, of which we give but a meagre report, was acknowledged by Mr Wright to possess "ability and power." Mr Woodbury and his friends struggle hard, but vainly, through calls for information and long speeches, to escape from the awful responsibility of their late gross mismanagement of the finances. Mr. Ewing exposed to the sun light the scene of rottenness and ruin they had left behind; Mr. Woodbury's attack upon it, with Mr. Evarts reply, only confirmed the colors of the picture. The responsibility and the disgrace of having contracted a national debt in a time of profound peace, will stick to Mr. Woodbury and his fellow counsellors, like the poison shirt of Nessus. There is no escape from it. There it is, and there it will stand and accumulate, unless Congress this session provides for its liquidation. Mr Wright may pretend, with all the embarrassments of the Treasury staring him in the face, that there was no necessity for the extra session; we will leave that question to the people, who decreed a change of men and measures in the Government, and who desired the benefits of the change as soon as the Constitution would permit. [Madisonian.

☞ The New York Herald states that Mr. Charles W. Dayton, has gone out in London, to bring back Samuel Swartwout, who is now residing in penury, in that city. He will probably return by the Caledonia steamer of the 4th of July, or by the Great Western of the 14th.

☞ A painter in New Orleans has reached an extraordinary degree of accomplishment in his trade. It is said that he painted a pine shingle the other day, so exactly imitating marble, that when he threw it into the river, it instantly sunk to the bottom!

AN EXCELLENT EXAMPLE. A few years ago a very worthy laboring man in Salem, who had been so unfortunate as to acquire the habit of drinking spirits, becoming convinced of its ruinous tendency had strength of mind to form an effectual resolution of future abstinence. At that time he had a wooden box made, with a hole in the lid and labelled 'rum,' into which he every day dropped as much money as he had been in the habit of spending for liquor. The box was never opened till very recently, when, on counting the sum, it was found to amount to a sum sufficient to purchase him a house lot, and materially aid in putting upon it a neat and comfortable house.

Important Caution.

It is a singular fact and one much to be regretted that valuable medicines, as soon as they become popular, and have received the test and approval of a discriminating public, are sure to be counterfeited, and thus a bad and spurious article is immediately palmed upon the unsuspecting as the genuine. This has been notoriously the case with all popular tried and truly valuable medicines for years past, and will probably continue to be the case for years to come.

This base and contemptible counterfeiter in this way meanly takes advantage of all the efforts and the advertising used by the proprietors of the genuine article to get their medicines into use and deserved popularity. It is therefore not less the duty than it contributes to the safety of every honest individual in the community, to expose, frown down, and forever after distrust all heartless migrates, who thus irresponsibly trifle with health and life.

THEREFORE TAKE NOTICE.

There is a person by the name of J. B. ROCHEFORT, now engaged in selling a Pill done up in boxes in exact and perfect imitation of the genuine INDIAN VEGETABLE PILLS with the omission of only one word on the boxes viz. WRIGHT. The Pills sold by this Rochefort are evidently intended as a fraud and imposition upon the community or they would not have been done up in such exact imitation of the genuine. This person is tall and blustering, with a great Theatrical swagger. He was recently known as a very poor player in Baltimore, under the musical cognomen of Jim Brown, and is about twenty five years of age. It is almost beyond a doubt that he is supplied with the Pills from a Druggist firm in this city, who have been heretofore notoriously connected with counterfeit medicines. As soon as proof is obtained, the fountain head of this nefarious business will be exposed, that the community may shun them as they would a serpent.

IN THE MEAN TIME THE PUBLIC ARE CAUTIONED

against buying WRIGHT'S Indian Vegetable Pills of any one who does not exhibit a certificate of agency signed by the agent for the New England States, and bearing date since January, 1840. Also take particular notice that the following wording is on the Boxes

WRIGHT'S *Indian Vegetable Pills* (Indian Purgative) of the North American College of Health.

THE INDIAN VEGETABLE PILLS are a certain cure for disease in its every variety of form, because they thoroughly cleanse the stomach and bowels, induce a proper discharge by the lungs, skin and kidney, and stimulate the blood to purify itself. In other words they open all the natural drains, and leave NATURE (THE GRAND PHYSICIAN) free to drive disease from the body. The above outlets, or drains, are the common sewers of the body, through which all morbid and corrupt humors (the cause of disease) are carried off and so long as they are all kept open, and discharge freely their allotted portions of impurity the body will continue in health; but when from eating improper food, breathing impure air, sudden transitions from heat to cold, over exaustion, or any other cause, the bowels become costive, the pores of the skin become closed, or the kidneys fail to perform their functions properly, the impurities which should be drained from the body by those outlets will be retained, and continue to accumulate until the body becomes literally loaded with disease.

The above pills may be taken at all times, and under all circumstances with perfect safety. They suit all complaints and all ages, and are as natural to the human constitution as food, consequently they can never injure even the most delicate. Like our food they are digestible; therefore they enter into the circulation, and impart an energy to the blood which enables it to flow with freedom quite to the extremities, and consequently to keep the pores of the skin open. They are true and perfect purifiers of the blood; because they drain all corrupt humors from that life giving fluid. They impart strength and vigor to the whole system, and their effects are always beneficial; because they only remove those humors which are opposed to health. They aid and improve digestion, and sound sleep follows their use; because they cleanse the stomach and bowels of their slimy humors which notiously irritate and excite the nervous system, but paralyze and weaken the digestive organs. In short they possess all the good properties that can be claimed for any medicine; and what is very remarkable, it is utterly impossible to use them without benefit.

Price 25 cents per Box, with full Directions.

☞ Office and General Depot for the New England States, No 198 TREMONT STREET, near Court street, Boston.

☞ The Regular appointed Agents can receive their supplies of the above popular Pills, as heretofore, from the ONLY OFFICE and GENERAL DEPOT for the New England States, 198 Tremont street Boston.

☞ Peddlers or travelling Agents are not allowed to sell the Genuine Indian Vegetable Pills, therefore never purchase from them, for if you do you will be sure to obtain DANGEROUS and Counterfeit article.

NEW AND IMPORTANT DISCOVERY.

DR. PHELPS' COMPOUND

TOMATO PILLS,

[ENTIRELY VEGETABLE.]

A New and Invaluable Medicine for all Diseases arising from Impurities of the Blood, Morbid Secretions of the Liver and Stomach; also a

Substitute for Calomel;

as a Cathartic in Fevers and all Billious Affections.

THESE popular Pills being a combination of a newly discovered Alkaline substance, extracted from the TOMATO PLANT, with other vegetable substances which have been found to modify and diffuse its effects, are believed to be the best Alterative and Cathartic Medicine ever discovered. They have been abundantly and successfully tried, and have received universal approbation for Scrofula, Dyspepsia, Jaundice, Billious Diseases, Gravel, Rheumatism, Coughs, Colds, Influenza, Catarrh, Nervous Diseases, Acid Stomachs, Glandular Swellings of all kinds, Costiveness, Cholic, Headache, &c.

They are an antidote to Contagious and Epidemic diseases, prevent the formation of Billious and Liver affections, Fever and Ague, &c., in those who reside in hot climates, and low and marshy countries, and are the best Cathartic that can be used for those localities. Seamen will find them an infallible remedy for the Scurvy; and Travellers, the best medicine they can use to counteract the dangers of exposure in unhealthy climates. For ordinary family Physic, they are universally approved, as the best ever offered.

These Pills have a powerful and salutary operation upon the Glandular System, removing all obstructions from the Gland, wherever situated, Scirrosities and Scrofulous Taints in all their forms, and it persevered in, no case of Scrofula, however severe, can resist its influence. It is in their operation on the Glandular System, that their effects are so peculiar and potent, and so nearly resemble that of Calomel. In fact, the Tomatine has all the Alterative Deobstruent and Cathartic properties of Calomel, without ever producing unpleasant or injurious effects under any circumstances, either from exposure to cold or wet, on the contrary, the Compound Tomato Pills are the best remedy ever known to counteract the effects of Mercury, completely eradicating every particle of it from the system, and renovating the constitution broken down by its use; which it does by correcting the state of the blood, and through that, correcting the morbid secretions of the glands, and restoring them to a healthy and their own proper action. Its effects are analogous to Sarsaparilla and Blood Root, and in its combined action in the ingredients composing the Pills, it exerts a universal action peculiar to itself.

The peculiar virtues of the Tomato Plant, have for a long time attracted the attention of the Medical profession and the Public, and a lively interest has recently been directed to the future developement of its active powers, and its Antibilious and Alterative qualities; which the Proprietor is now happy in being able to gratify and presents his Pills to the Public, with the full confidence of their being the most safe and valuable remedy ever discovered; adapted to all cases where nature is disturbed, and when any of the functions do not perform their natural or healthy action.

Numerous certificates of cures, from those who have taken them, and the testimony of several Physicians who have prescribed them, all concur to corroborate this opinion. The rapidly increasing demand for, and the universal approbation bestowed upon them, is an additional evidence of their merits and usefulness.

In presenting this article to the public, the Proprietor was induced to by the hope that a medicine prepared with much care, and strict regard to the Chemical and Therapeutic properties of its several ingredients, should take the place of the thousand and one irresponsible nostrums of the present day, with which the country is deluged and from the favor already bestowed upon it by physicians and others, he feels justified in expecting this result.

Often have the cures performed by this medicine been the subject of editorial comment, in various newspapers and journals, and it may with truth be asserted that no medicine of the kind has ever received testimonials of greater commendation than are attached to this.

Females from forty to fifty years of age will find this a powerful assistant in bringing about the important change in the functions of the system removing all liabilities to Cancers, glandular swellings, &c., and assisting to establish that new action in the animal economy which nature often fails to do. None should avoid a free and continued use of them, if they wish to escape a long train of incurable maladies. For this purpose one should be taken every night and morning, and continued as long as any unpleasant symptoms remain.

For that congested and deranged state of the system which occurs in the commencement of Spring and Summer, these Pills of are particularly applicable, in preventing Rheumatism, Coughs, congestion of the lungs, &c., and have prolonged many a life that otherwise would have been a sacrifice to the changes of the season.

Those persons liable to sore throats, swelling of the glands, coughs, and other symptoms indicating Scorofula or Consumption, should take warning in season, and embrace a remedy, which, while it is searching out and eradicating disease, makes no deductions from the vital powers of the system.

A Dietetic or Dinner Pill, one taken half an hour after dinner, will sufficiently stimulate the digestive powers of the stomach to a healthy and invigorated action, and they are found extremely serviceable for those who indulge in long dinners, or late suppers, or immoderately in desserts or fruit.

☞ For a full account of this interesting discovery, testimonials, mode of operation, &c., see pamphlets, in the hands of all who sell these Pills.

From the Boston Morning Post.

New Medicine. An Alkaline principle called Tomatine has been discovered in the Solanum class of plants, particularly in the Tomato, which promises to be of peculiar service in Lung Affections, Scrofula, and Glandular obstructions, particularly of the liver, also an antidote to Mercury. It is embodied in the Compound Tomato Pills, which are truly worthy of a trial.

From the Patriot & Democrat.

PILLS. Unlike the numerous speculations of the day, there is one medicine which deserves the popularity and patronage it is receiving. We allude to Dr Phelps' Compound Tomato Pills. Judging from the patronage they are receiving from the Medical Faculty, and the approbation of those who have used them, we should expect they would supercede all others in use, as a family medicine. Being introduced by a respectable and practical member of the Medical profession, whose character in this vicinity is a sufficient guarantee for the character of his medicine, we are enabled thus confidently to speak of it, and fully believe it is entitled to the confidence of the community.

known to be powerfully available as a curative remedy in morbid secretions of the Liver and Stomach, impurities of the blood, and diseases of a billious type generally. It is an excellent substitute for calomel, as an anti-billious and cathartic medicine, without its injurious properties, and has been found extremely efficacious in the cure of a long catalogue of diseases. Having adventured upon the use of this medicine ourselves, we cordially recommend it to others.

CONSUMPTION

DR. ALLEN'S BALSAM of Horehound, Liverwort, and Pleurisy Root, FOR CONSUMPTION AND LIVER COMPLAINT, Colds, Coughs, Spitting of Blood, Catarrh, Asthma, Difficulty of Breathing, Pain in the Side, Palpitation of the Heart, Oppression and Soreness of the Chest, Pleurisy, Hectic Fever, Night Sweats, Difficult and Profuse Expectoration, and all affections of the Chest, Lungs and Liver.

The Hoarhound, Liverwort, and Pleurisy Root have for centuries been celebrated in the cure of diseases of the Lungs and Liver.

Dr. B. D. Allen, after a series of experiments, has been able to extract from these medical herbs a balsam, which exerts a most wonderful effect in curing Consumption and Liver Complaint, and all other diseases of the Lungs and Chest. So great has become the reputation of Dr. Allen's Balsam that it is now used in the New York, Philadelphia and Baltimore Hospitals, and in the private practice of our most eminent medical men.

For children laboring under Inflammation of the Lungs, Colds, Coughs, Croup, Quinsy, and Sore Throat this Balsam is of great importance. The number of deaths among children from these diseases is truly alarming. If parents wish to save the lives of their children, and themselves much trouble, anxiety, and expense, let them procure Dr. B. D Allen's Balsam; and whenever a child has taken cold, has any fever, cough, or hoarseness, give a teaspoonful of this medicine, and repeat it if necessary; even one teaspoonful will often effect an entire cure. During the winter of 1839, dying of one thousand families employed this remedy in the city of New York. The consequence was, that the number of deaths among children was reduced to less than one half the usual number, as may be seen by the city inspector's report of deaths.

In order to give the reader some idea of the efficacy of this Balsam, and how extensively it is used, we here introduce the monthly report of the cures it performed in the month of May, 1839, as furnished us by the agent, and published in the New York Sun.

OPINIONS OF THE MEDICAL FACULTY.

At a meeting of the medical Society of Washington County, the following Resolution was unanimously adopted.

Resolved, That from a knowledge of the composition of Dr. Allen's Balsam of Hoarhound, Liverwort and Pleurisy Root, and the most astonishing effects we have seen it have upon our patients, it is our decided and unanimous opinion that it will cure Consumption and Liver complaint and we do strongly recommend it to the faculty and the public generally.

Dr B. D. ALLEN Dear Sir For a year past I have been in the habit of prescribing your Balsam of Hoarhound, Liverwort and Pleurisy Root to my patients in private practice. I have also used it in the Hospital. I find it a remedy of great efficacy in affections of the Lungs and Liver. In cases of Consumption, Cough, Asthma, and Bronchitis, I have found it a very efficacious, and I believe it is prescribed very generally by the profession.

I have the honor to be, yours, &c.

Dr. B. D. ALLEN. Dear Sir I am most happy to inform you that your Balsam of Hoarhound, Liverwort and Pleurisy Root, has cured me of the Liver complaint; a disease under which I had laboured upwards of six years. I have recommended it to several of my friends when afflicted with the same malady, and in every instance, has it been successful. Hoping that God may spare your life for usefulness. I am respectfully yours.

TONIC OR FORECLOSURE.

THE subscriber, of Bangor, county of Penobscot, and State of Maine, hereby gives public notice, that Robert G. and Francis G. S. Boyd, both of Portland, in the county of Cumberland, by their deed of mortgage, dated Sept. 21st, 1835, and duly recorded in the Penobscot Registry of Deeds, book 68, page 253, conveyed to the subscriber one undivided fourth part of a certain piece or parcel of land situate in Bangor, aforesaid, on the West side of Kenduskeag River, and described as follows, viz: Beginning in a line of the Avenue road, so called, at a linden tree, owned by William D. Williamson; thence westerly on said line to the head of the lot in the stake; thence at right angles to the Carmel road, so called; thence by the line of said road to a stone with a hole in it; thence, at right angles in a line of land owned by William Emerson to the Avenue road aforesaid; thence in a line of said road to the first mentioned bound, being the fourth part of the same land named in said Wyatt's Deed to said R. and L. G. S. Boyd and others, dated the day and year aforesaid, which said fourth part the said R. and L. G. S. Boyd re-conveyed to me in secure the payment of certain notes of hand mentioned in said mortgage to which reference is had.

Also, that James T. Hobart, now or lately of Boston, county of Suffolk, and State of Massachusetts, by his deed of mortgage, dated Sept. 21st, 1835, and duly recorded in the Penobscot Registry of Deeds, book 68, page 254, conveyed to the subscriber one undivided eighth part of a certain tract of land situated in said Bangor, being the same conveyed by the subscriber to the said Hobart by deed bearing date the day and year aforesaid, and so conveyed to me to secure the payment of certain notes of hand mentioned in said mortgage, to which reference is had; and whereas the conditions of each of said mortgages have been broken by reason of the nonpayment of the sums expressed therein, the subscriber therefore claims to foreclose said mortgages, and gives this public notice of his claim and foreclosure in pursuance of the statute.
